

NEWSLETTER 20: 24 JUNE 2022

Our right hand banner!

We have now featured 18 of our 19 Teams' profiles, so we thought for a while we would use the right-hand banner to focus on Café Sessions. In coming weeks, you will find details of upcoming events. And we might try providing a few lines on recently completed Cafes (when a Management Team member is lucky enough to be in attendance).

Workshop 1 Report

Attached to this Newsletter is our Workshop 1 Report. It is also available on our website. While Julia, Chris, and Wes drove its authorship, it was a team effort with significant contributions from Lauren (designing the workshops, what a great job!), Marian, Colin, and of course Ramone. And we must acknowledge the Team Leaders who worked hard to organise the events and host the first Workshop.

The Report is there to be used. Feel free to share it with colleagues; it is available for public distribution.

The Roundtables

In our last Newsletter we wrote about the upcoming Roundtables in Melbourne (Australasia and Americas - 14th and 15th November 2022); and Copenhagen (European, UK and South Africa - 29th and 30th November 2022). Planning for 'associated' events continues, and we will release further details shortly.

Please note these additional details:

- Wes is beginning to purchase airfares to the events for each Team's one nominated attendee. He will be in touch with you shortly.
- We are happy to host additional self-funded representatives from each Team if they would like to attend. Confirmation of numbers is needed in due course, for catering and venue set-up purposes.

We are working to a tight budget, so while we will try to meet individual needs, eventually we may need to compromise on some things such as preferred airlines. Purchasing is happening via our LEARN office as obtaining international reimbursement from Melbourne University is a complex task and we have limited administration support.

Café Session with Steelcase Learn

This week we saw Steelcase Learn deliver the latest café session about hybrid learning environments. The team led an important discussion about the benefits and challenges of hybrid learning, highlighting the maintenance of social interactions and relationships as one important consideration.

N.B All café session recordings are shared on our website here

<http://ilesescopingstudy.com.au/index.php/cafe-sessions/> but we encourage you to join the live event where possible to stimulate deeper, collective thinking around important ILE topics.

Upcoming Café Sessions

❖ **Tuesday 5th July 10.30 (UK time)**

Provocation: "Challenges to zoning in flexible/multipurpose/open plan ILEs"

Hosted by Shane Cryer, Douglas MacCutcheon, and Colin Campbell from Ecophon.
